This checklist provides an overview of the quantitative data required to complete the CoP questionnaire. We recommend reviewing this list in advance and gathering the necessary data to streamline the completion process.

Note 1: Some of the environmental indicators are only required from participating companies in specific sectors. Participants should review the environmental section of the CoP questionnaire on the digital platform to see which questions they need to answer.

Note 2: If a metric is not collected or is not material, the response options "Unknown" or "No Information" can be selected.
